Subject: Gold King Mine documents

Hi Richard – Just an update on the three Gold King Mine documents you gave me a short while ago. They've been entered in SDMS (#1570618-1570620) and have been through the QC process. They're in the Imaging Center right now, on High Priority, so they'll be the very next job attended to. I'll check in a little while, but I'd imaging the images should be available in SDMS within the hour.

Best wishes,

Marcus
